### Hotels Magazine says:

Owned by celebrity lawyers Mark Geragos and Brian Kabatech, V Palm Springs Hotel in California opened this past April. Managed by Filament Hospitality and designed by Westar Architecture Group, the 140-room hotel pays homage to the Cahuilla Indians through spiritual symbols such as feathers and snakes.

The hotel's design aims to blend "savvy and sophisticated style with a free-spirited attitude." Each room features an outdoor space and a hanging swing. Food and beverage options include Elixer Pool Bar & Grill, a Polynesian-inspired restaurant serving Asian-fusion barbeque, and Solstice Restaurant & Lounge, scheduled to open in September.

Additional amenities include swimming pools, hot tubs and a fitness facility.
